PROFESSIONAL SUMMARY

Full-stack developer with hands-on experience building responsive web applications and RESTful APIs using React.js, Node.js, Express.js, PostgreSQL, and MongoDB. Proven track record delivering end-to-end features – including JWT authentication systems, role-based admin dashboards, and automated workflows – for a full-stack platform serving multiple user roles.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Python (Basic)
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design
Backend: Node.js, Express.js, RESTful APIs, JWT, Authentication & Authorization,
Databases: PostgreSQL, MongoDB, SQL
Developer Tools: Git, GitHub, VS Code, Postman, npm

EXPERIENCE

Uniwork Technologies

Oct 2025 – Present

Fullstack Developer

Surat, Gujarat

- Developed responsive and user-friendly web applications using HTML, CSS, Tailwind CSS, JavaScript, React.js, and Node.js, improving UI consistency across devices.
- Collaborated in a 4-member team using Git for version control, contributing to a shared codebase with regular commits and code reviews.
- Contributed to backend development tasks, RESTful API integration, debugging, and performance optimization to improve application reliability.
- Boosted team productivity through consistent collaboration and knowledge sharing across frontend and backend workstreams.

PROJECTS

Review Management System

Technologies: React.js, Node.js, Express.js, PostgreSQL, JWT, Tailwind CSS

- Built a full-stack Review Management platform supporting 2 user roles (User/Super Admin) to manage brands, customers, and reviews across multiple businesses.
- Implemented role-based authentication and authorization using React.js, Node.js, and JWT, with separate User/Super Admin access controls and secure login and registration flows, reducing unauthorized access risk.
- Built an end-to-end review collection system with unique review links, public customer review pages, rating/feedback management, review moderation, and centralized review monitoring, streamlining the review-to-publish workflow.
- Developed 6 comprehensive admin modules (Brand, Customer, Review, Review Link, Settings, Super Admin) including full CRUD operations and dashboard-level analytics for real-time performance tracking.
- Implemented automated communication workflows using Nodemailer/Resend with Email and WhatsApp integration, plus database seeding and bulk-processing scripts, cutting manual outreach effort for scalable operations.

EDUCATION

Bhakta Kavi Narsinh Mehta University

Jun 2022 – Apr 2025

Bachelor of Computer Application - **CGPA - 8.5**

Bhacha, Gujarat

Gayatri Vidhyalaya School

Apr 2022

HSC - **Percentage - 77.23%**

Chalala, Gujarat

ACHIEVEMENTS

Finalist among 100+ participants in BKNMU University Hackathon.

Secured 3rd rank in the Coding Event competition at college.

LANGUAGES & INTERESTS

Languages: English, Hindi, Gujarati

Interests: Cricket, learning new technologies, problem-solving, mentoring peers
